Local Infant Child in Need of Urgent Surgery

Your Help is Needed Now!

She was born less than 1 month ago in Playa del Carmen. Her parents were afraid to name her.

Maria was Born with an Extrofia Vesical (no formed vagina) as seen in the photo, as well she is in need of Orthopedic surgery to close her spine - her legs stay open. Without it, she will never be able to walk.

SHE IS IN NEED OF URGENT SURGERY…NOW!please read on to see how you can help.....

She has been accepted at the Instituto Mexicano de Pediatria for her surgery, but first we are in need of 45,000 pesos (\$4,500.00 usd) to take care of the costs.

We would like to see her at the front door of the hospital this coming Monday morning.

Angel Notion is asking for your help in paying for her expenses. To make a Donation, please contact Lavonna Redman directly by cell +52(984) 100-5525.
